Dear Reader,

It is in human nature to be comfortable with existing methods and to resist change. Change is almost always met with apprehension. In this regard, CSE of DMCE has been witness to not just a few but many changes. This month, a lot of effort has gone into changing existing trends and pushing the boundaries of innovation. DMCE moulds the students to gain knowledge in the state-of-the-art techniques in their discipline which enables them to apply the same in various given situations.
